

JAR LID PICTURE FRAMES

TRANSFORM THESE LEFTOVER MASON JAR LIDS INTO
MAGNETIC PICTURE FRAMES.

MATERIALS NEEDED

JAR LID
SMALL PHOTO/ ARTWORK
GLUE / ADHESIVE
SCISSORS
SMALL MAGNETS

STEPS

1 SELECT AND PREPARE THE JAR LID:

Choose a jar lid that fits the size of your photo or artwork. You can use a metal or plastic lid depending on your preference.

2 PREPARE THE PHOTO:

Trim your photo or artwork to fit within the jar lid. Make sure it's the right size and shape.

3 ATTACH MAGNETS:

Apply a small amount of strong adhesive to the back of the small magnets. Place the magnets strategically on the back of the jar lid, ensuring they are evenly spaced and securely attached.

4 DISPLAY YOUR MAGNETIC FRAME:

Once the adhesive has fully dried, your jar lid picture frame is ready to be displayed on any magnetic surface. Simply attach it to a refrigerator, magnetic board, or any other suitable area.
